SEWING POWER AT YOUR FINGERTIPS.

MESSAGE SCREEN

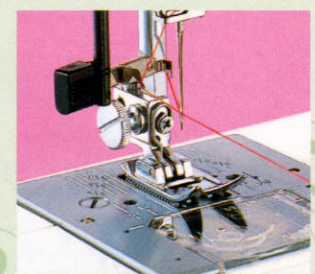

The LCD screen indicates your chosen stitch number, the stitch pattern, the correct foot to be used and the thread tension. Adjustment of the stitch width or length is also shown on the screen.

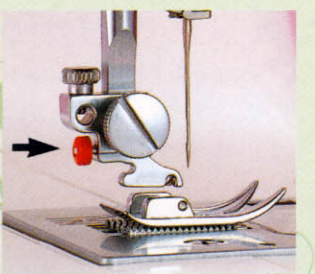

AUTO-DECLUTCH BOBBIN WINDER
Simply push to the right to wind the bobbin.

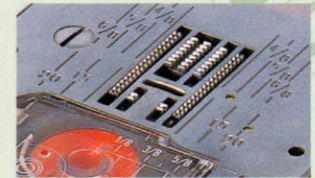

9 CONVENIENT ONE-HAND THREAD CUTTER
The thread cutter cuts and holds your threads after sewing, avoiding tangled threads.

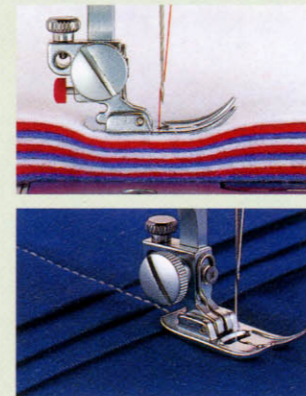

10 BUILT-IN NEEDLE THREADER
Easy needle threading and less strain on your eyes.

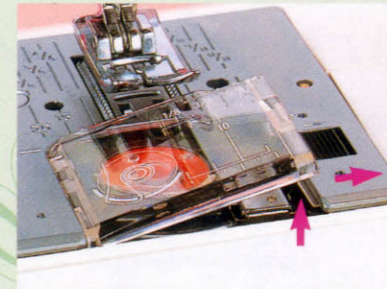

13 QUICK FOOT CONVERSION
Just lower the lifter and the sewing foot will easily snap into place. Removal is just as easy - one quick touch of a button.

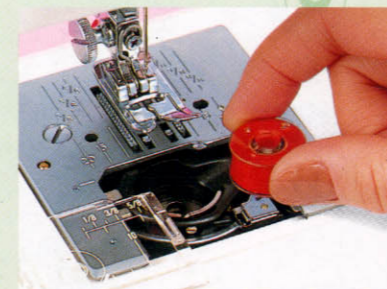

12 7-PIECE FEED DOG
7-piece feed dog moves the fabric precisely.

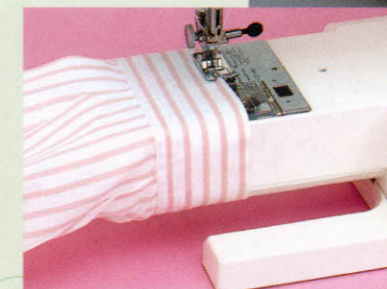

11 SEWING ON EXTRA HEAVY-WEIGHT FABRICS AND DIFFERENT THICKNESS OF FABRICS
Because of extra needle penetration power and a newly designed feed mechanism, any thickness or type of fabric can be sewn smoothly without jamming.

14 ONE-TOUCH HOOK COVER PLATE
The amount of bobbin thread can be checked anytime with the see-through hook cover plate. The hook cover plate opens and closes at the touch of a button.

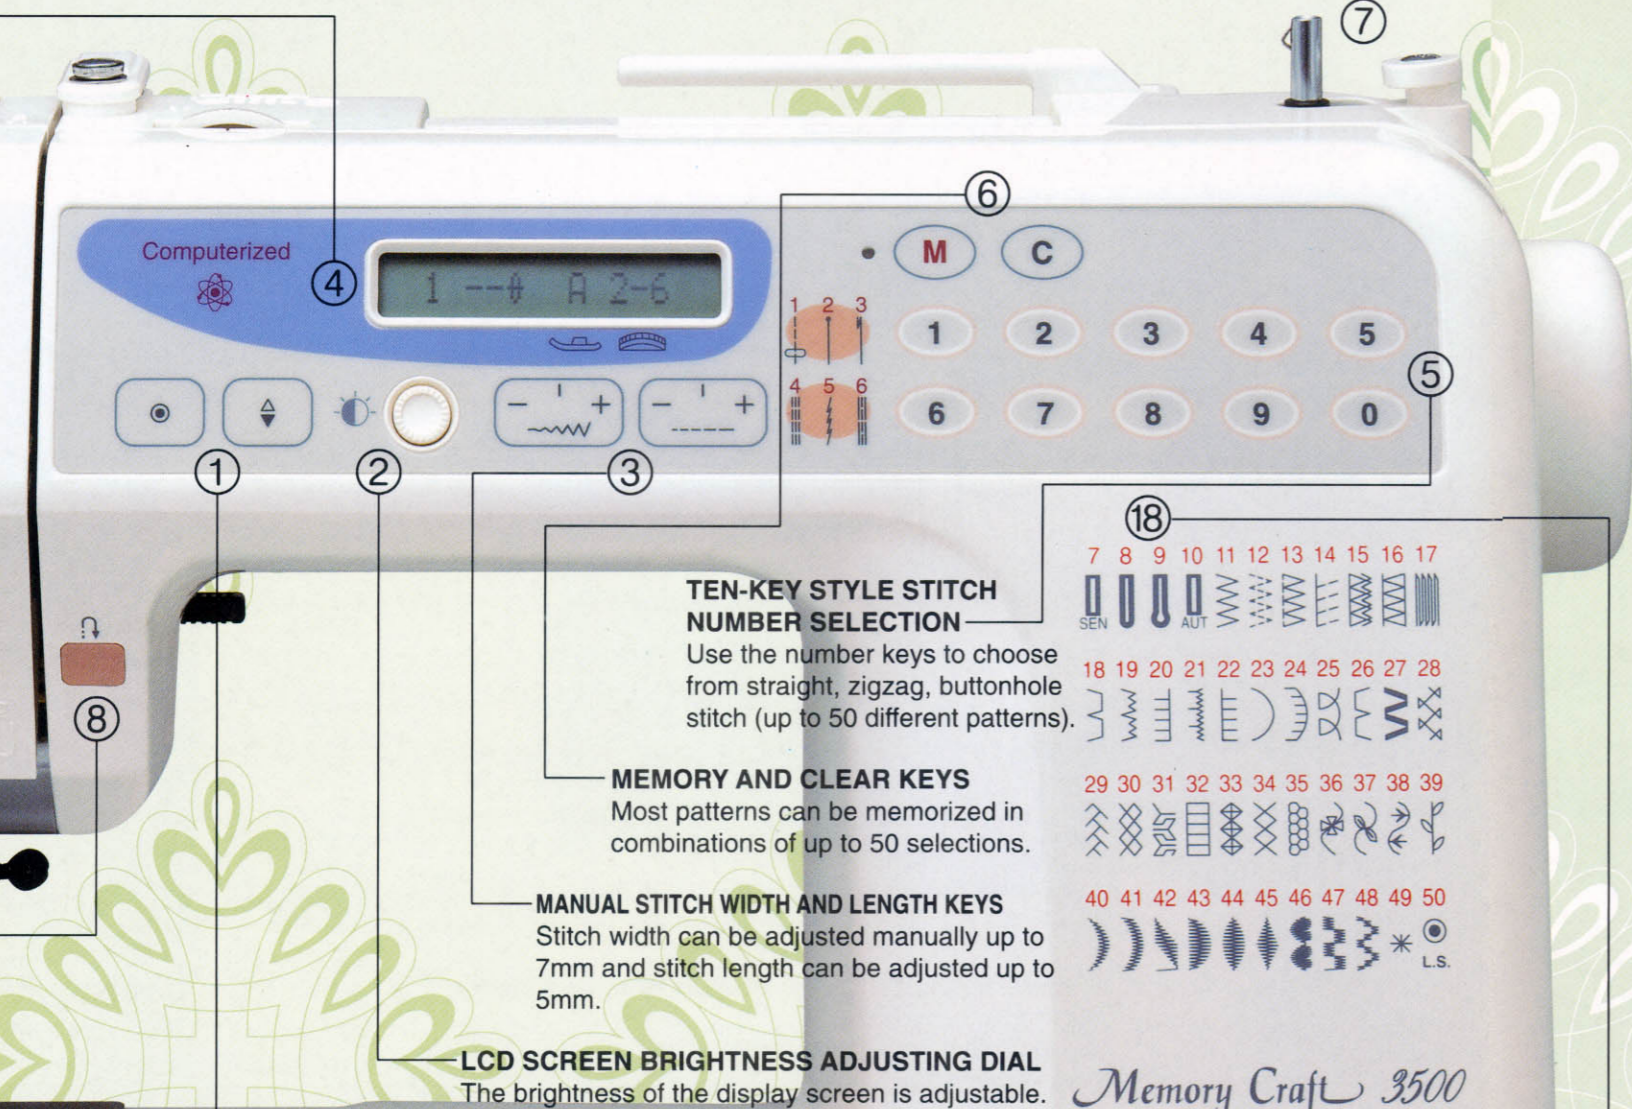

15 MAGNETIC TYPE HORIZONTAL FULL ROTARY HOOK
Jam-proof, magnetic, top loading full rotary hook system eliminates bobbin case for convenient bobbin insertion, removal and cleaning.

16 CONVERTIBLE FREE ARM FOR CIRCULAR SEWING
The detachable sewing table lifts out of the way easily to reveal the free arm - so handy for sleeves, cuffs and other circular work.

17 EXTENSION TABLE
The extension table widens the sewing area and has a storage compartment for accessories.

REVERSE STITCH BUTTON

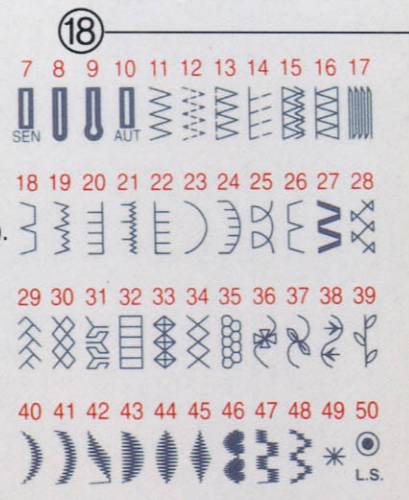

AUTO-LOCK KEY AND UP/DOWN NEEDLE POSITION KEY
The 'auto-lock' key enables you to secure the end of a seam automatically. When you press the 'up/down needle position' key, the needle will go up or down. If you start sewing in needle-down position, the machine will automatically stop in needle-down position at the end of the seam.

TEN-KEY STYLE STITCH NUMBER SELECTION
Use the number keys to choose from straight, zigzag, buttonhole stitch (up to 50 different patterns).

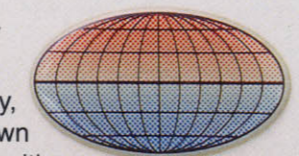

MEMORY AND CLEAR KEYS
Most patterns can be memorized in combinations of up to 50 selections.

MANUAL STITCH WIDTH AND LENGTH KEYS
Stitch width can be adjusted manually up to 7mm and stitch length can be adjusted up to 5mm.

LCD SCREEN BRIGHTNESS ADJUSTING DIAL
The brightness of the display screen is adjustable.

JANOME

FULLY AUTOMATIC SENSOR BUTTONHOLE
Merely set a button on the sensor buttonhole foot. The sensor then sets the necessary length, and the perfect buttonhole is automatically made in one step. There are three styles of buttonholes, square, rounded end and keyhole to choose from. When you choose 10 (AUT), the machine memorizes the number of stitches, which is especially useful for longer sized buttonholes.
